If you are using a school computer and don’t have access to Internet Options, use the following guide to clear temporary Internet Explorer files.

IE7: From the Tools menu, click **Delete Browsing History**...

Click the Delete Browsing History **Delete**... buttons. Click Yes after each one. Or you may want to click **Delete All**... . When finished **Close**. Close and re-open Internet Explorer and login to Blackboard.
IE8: From the Safety menu, click **Delete Browsing History**...

Uncheck **Preserve Favorites website data** and put a check in the three shown and click **Delete**. Close and re-open Internet Explorer and login to Blackboard.
