To: NMJC Board members  
From: Dan Hardin  
RE: RPSP  
Date: September 13, 2012  

Board members,

Each year New Mexico Junior College submits renewal of Research & Public Service Projects (RPSP) for the coming fiscal year. The requested RPSP projects for fiscal year 2014 are as follows:

- Oil & Gas Training Center $86,700.00
- NMJC Nurse Expansion $72,900.00
- Lea County Distance Education Consortium $30,000.00
- Athletics $326,200.00

There is a question if athletics is still a RPSP funded project or if it is a recurring General Fund appropriation, but to be sure we need Board’s approval to continue requesting the funding for these RPSP.

Sincerely,

Dan Hardin

RE: NMJC Research Foundation

As you know, NMJC is an important part of our Lea County Community. Over the years we have been part of many of the significant economic, social, and educational developments in our community. I am proud of our work and firmly believe that any success we have in supporting our community is because of the collective work of the staff and the NMJC Board.

I have a new, exciting development to tell you about.

For some time now, New Mexico Junior College has been asked to play a much greater role in regard to the research needs of Lea County. In an effort to address these research requests, the New Mexico Junior College Board created and established the New Mexico Junior College Research Foundation (NMJCRF). Currently, the NMJC Research Foundation is a partnership between Lea County and New Mexico Junior College. Over the coming months and years both partners are open to other viable partnerships.

What does this mean for Lea County and, specifically, NMJC?

In 1998, the City of Albuquerque and Bernalillo County stepped up and created the Sandia Science and Technology Park. Since the 1998 inception, the Sandia Science and Technology Park has produced $1.89 billion in economic activity. Although, the NMJC Research Foundation is a different model than the Sandia Science and Technology Park, the goals and aspirations are very similar: “turn applied research into economic opportunities”.

As a 501(c)3 organization (a non-profit foundation), the NMJC Research Foundation will work in conjunction with Lea County leaders and economic development departments to assist with placing applied research into a market driven economy to create jobs and prosperity for Lea County. The current NMJC Research Foundation Board members are:

- Ron Black – NMJC Board Member, County Commissioner, and Chair of the NMJC Research Foundation
- Guy Kesner – Chair, New Mexico Junior College Board
- Gregg Fulfer – Chair, Lea County Commission
- Mike Gallagher – Lea County Manager
- Steve McCleery

Recently, the NMJC Research Foundation Board employed Dale Gannaway as the NMJCRF Executive Director. Mr. Gannaway’s extensive experience with economic
development, non-profits, and applied research make him an ideal person to undertake this daunting but very needed role. Dale will assume the duties on September 7, 2012.

To give you a better understanding of the role of the New Mexico Junior College Research Foundation, I have included the job description for the Executive Director of the NMJCRF. Finally, it is important to note that the role of this foundation is aimed at research activities. The long-serving NMJC Foundation remains active and fully dedicated to the development of resources supporting NMJC and our students. Both foundations, working in harmony, will help move NMJC actively towards the future and ever-increasing importance in the affairs of our community.
