

Skeleton Puppet

Make A Skeleton Puppet

Materials

Crayons, paint, markers, scissors, string or yarn, paper punch, glue, glitter, buttons, tissue paper, feathers etc.

Instructions

Print out the skeleton parts. Punch holes in the bones next to letters (each leg and arm bone will have a hole at either end, etc.). Cut out all of the parts. Color and decorate with glitter, paints, feathers etc. as you like. Let dry and tie bones together matching the letters (string will go through both B holes and both C holes, for example).

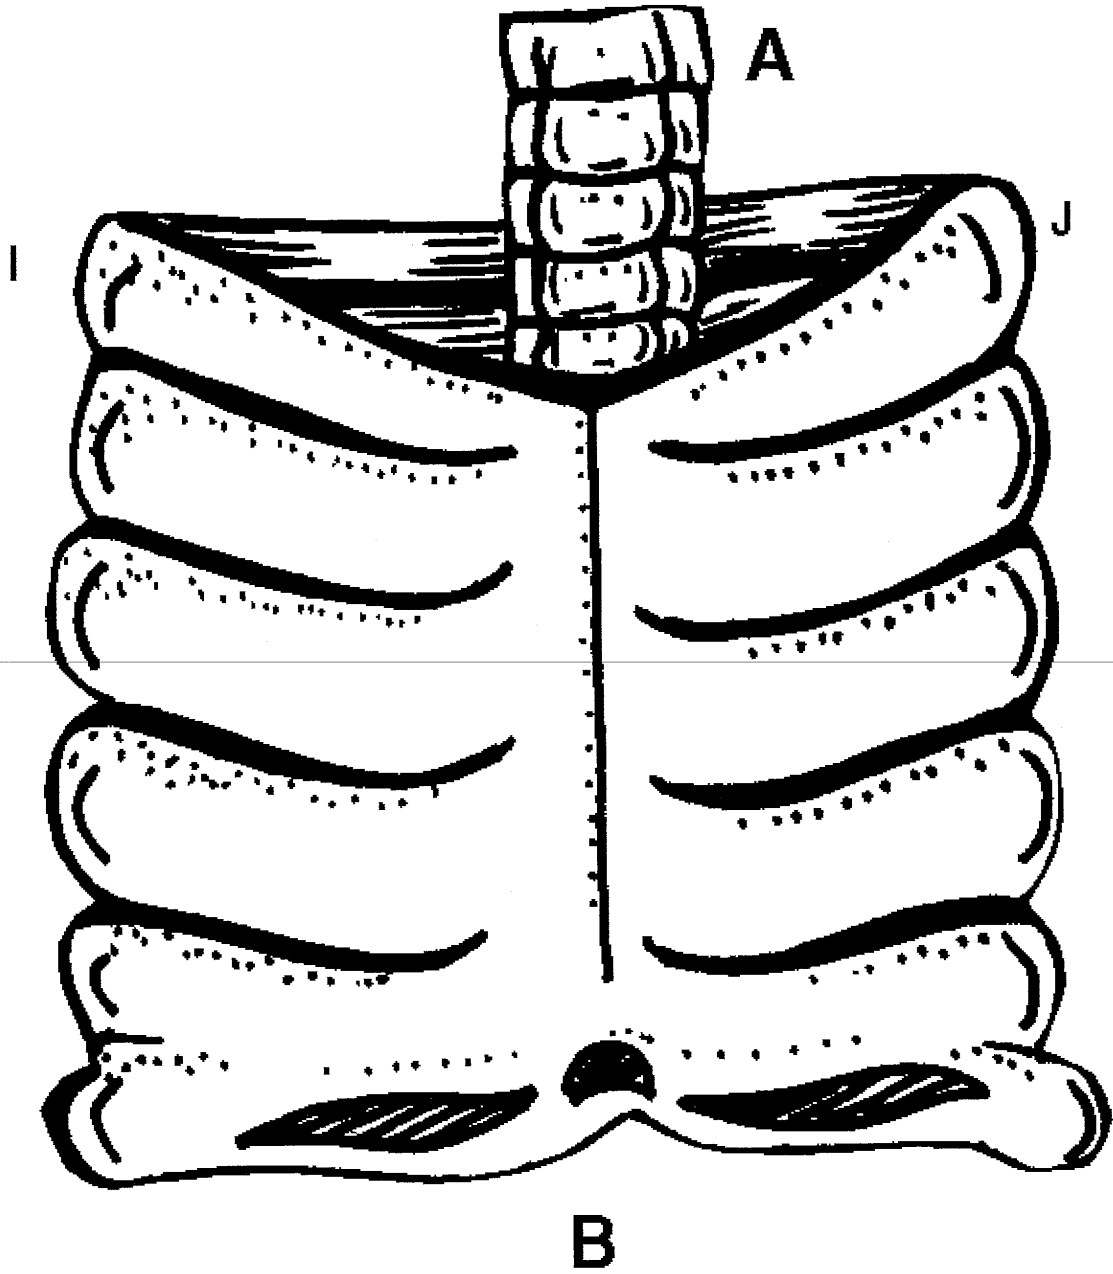

Once the skeleton is assembled, you can move him about as you like.
