Field Trip Journal Instructions

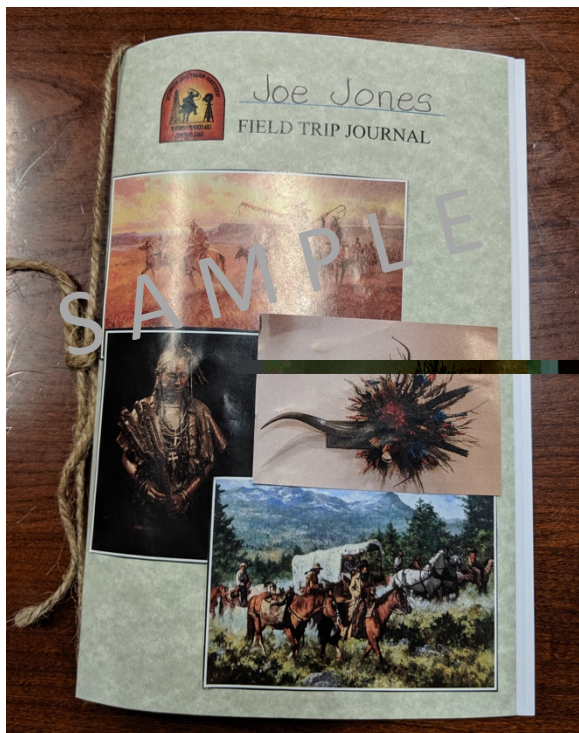

Step 1 - Print out cover using the Field Trip Journal Template. Use 8 1/2"x11" card stock in the color of your choice.

Step 2 - Discuss the theme of your field trip and the method students should use to decorate the cover. Our example uses magazine pictures glued on the cover as a collage.

Step 3 - Print the inside pages on regular 8 1/2"x11" copier paper (flip the paper over to print on both sides). We printed 4 sheets.

Step 4 - Fold cover and pages in half and secure to the cover using twine or string.

Step 5 - Have students write their name on the line at the top of the cover.
