

Student Support Services (SSS) participants were given a comprehensive tour of the UNM campus on October 20, 2012. Students said their campus visit was very informative as two experienced and friendly UNM tour guides answered many questions regarding transfer credits, degree programs and campus living. Students also learned about a new and exciting program at UNM for studying abroad. The evening after the tour SSS students enjoyed an outstanding performance of Broadway's "The Lion King" at Pope-joy Hall.
